
Are Aryan jumpers cool?

This somewhat disturbing website apparently thinks so. I found it while googling "1936 Olympics hurdle", and clicking this result:

I prefer this, though.

Come on. You know full well "Olympia" cannot hold a candle to either "SOS Eisberg" or "Triumph des Willens".

- Or even «Bronenosets Potyomkin» or "Bill and Ted's Bogus Journey" for that matter. But that's another issue

Edit. So it hates Cyrillic does it. Fair enoughski.

How creepy is that? A Hilter Youth figure, with bugle.
